REAP-F/NG NOTES: State funds are cost-shared at rates up to 75% with applicants assuming at least 25% of the cost. Cost-share for REAP-F/NG, with the exception of windbreaks, can only be used on agricultural land, which is land used for the commercial production of food and fiber.

REAP-P NOTES: Unless otherwise noted, all cost-share is 50% of the eligible or estimated cost, whichever is less. REAP-P funds can be used in combination with other public funds to provide a total cost-share rate up to 75%; REAP-P funds cannot exceed 50% of the total funding. Privately owned land not used for agricultural production shall not qualify for water protection practices funds. Exception to this rule: Streambank and Shoreline Protection and Stormwater Best Management Practices are eligible whether or not the land is in agriculture production. There is no minimum acre or dollar limit.
