**What's New:** As of March 2025, Madison SWCD has updated some of the service categories to better serve customers seeking specific services. Codes listed in gray indicate that the contractor or supplier has not clarified their services for erosion control (earthwork and/or tile), maintenance (mowing, spraying, etc.), or what type of seed they sell or seeding services they provide.

**As of March 2026,** we have updated the following items: added a service category for Soil Sampling / Testing; separated categories for Hoop Buildings for livestock and High Tunnels for growing crops/vegetables; and updated service categories for planting/seeding, and seed suppliers.
